

NANCY ALECK NAMED MARTIN LUTHER KING PEACEMAKER

Church of the Crossroads is pleased to announce that Nancy Aleck, Executive Director of the Hawaii People's Fund, is the Peacemaker awardee this year.

The celebration of her work will take place January 16, 2012, 7PM in a public service at Church of the Crossroads, 1212 University Avenue, Honolulu,

Nancy, a resident of Hawaii since 1973, has been an advocate for peace and justice since her student days. Anti-nuclear issues and anti-Vietnam war issues were some that she marched for as a student.

Marches, legislative action, and testimony on peace and justice issues have marked her time in Hawaii. The American Friends Service Committee provided her a way to channel her energies on justice political issues. Over the years, Nancy has become an eminent presence in the local peace and justice community.

In 2003, she came to the Hawaii People's Fund. A theme of the Fund is "Change, not Charity." The Fund supports those organizations considered "too small, too new, or too controversial" for more traditional funding sources. The Fund supports efforts throughout the state, and has disbursed grants of more than \$425,000.00 to many organizations and projects.
